

**REIMBURSEMENT OF EXPENSES FOR SPECIALIST EXAMINATIONS
(documentation for employees of construction companies)**

As of 1st October 2022, the Sanedil Fund reimburses the member directly, up to the maximum amount shown below and until the allocated budget is exhausted, for expenses incurred for specialist examinations and up to a total of two examinations per year.

Reimbursement of the expenses incurred is granted on condition that, in the two insurance years preceding the one from 1st October 2022 to 30th September 2023, the worker is enrolled in the Fund, even on a non-continuous basis, and that neither he/she nor his/her household has used any of the benefits provided by the Sanedil Fund's healthcare plans.

Specialist examinations must be performed by specifically qualified medical personnel, whose qualification appears in the expense document.

In order to be eligible for the benefit, the member must submit the completed form to the employee of Cassa Edile/EdilCassa, enclosing the invoice/receipt of expenses. It is not necessary to submit any medical prescription as the specialist examination can also be carried out for control purposes.

The Cassa Edile/EdilCassa will, therefore, after verifying that the company's contributions are in order and that no benefits and/or reimbursements have been received in the previous two years, act as the intermediary for requests for reimbursement of the guarantee in question, which will be settled by the Fund directly to the requesting member.

This benefit has a shared maximum per household, and may be enjoyed by the member, his/her spouse who is a tax dependent as shown in the family status certificate, and his/her tax dependent children.
